Swanage Cottage Hospital

REPORT FOR THE YEAR 1939.

AS in former years I must begin my report by stressing the invaluable help the Hospital receives from our Medical Staff, the Honorary Consultants, and in particular Dr. Campbell Shaw and Mr. Roy Salkeld whose work in connection with Eyes, Ears, Nose and Throat cases is of inestimable benefit to patients who are spared the long wait which is almost inevitable at the Bournemouth and District Hospitals.

But I need hardly point out the attention and skill shown by the Medical Staff would be of little avail were it not for the devoted work of the Matron and the Nursing Staff. To them, as well as to the doctors, we owe a deep debt of gratitude.

Cases treated during 1939. In-patients, 210 ; Out-patients' attendances, 1370. Major Operations, 40 ; Eyes, Mr. Campbell Shaw, 141 ; Eyes, Dorset County Council, 80 ; Ears, Nose and Throat, including 20 operations, 230 ; Accidents, 134 ; Medical Cases, 50 ; Dental Cases, 25 ; Minor Operations, 100 ; Daily Dressings and Treatment, 784.

The Patients came from the following districts :—Swanage, 1,168 ; Corfe Castle, 112 ; Langton, 80 ; Kingston, 6 ; Worth, 34 ; Studland, 21 ; Other places, 159. Total, 1,580.

Hospital Aid Association. It is with pleasure that we are able to report that during the past year there has been a steady increase of new members joining, although the increase is naturally not as great as it was about 5 years ago.

Every year, however, has shown an advance. Ten years ago the membership was under 200 ; to-day it is just over 850, and but for the outbreak of war we should probably have been on the way towards the 1,000 mark by the end of 1940. The applications by members for treatment or consulting the Specialists attending the Hospital has naturally increased, but the amounts paid have likewise increased each year.

The Committee take this opportunity of again thanking the Collectors for their valuable services during the past year, especially the Firms and Employers who support the Association by insuring their Employees.

Special Efforts provide a considerable portion of the annual income of the Hospital. We are, therefore, most grateful to those who, every year, take the trouble of organising them:— to the Chamber of Trade for the Hospital Ball—a great success, socially and financially; to the ladies who work very hard for Flag Day and Pound Day; to the Regatta Committee for a generous grant; and to Mr. Walter Marsh and his “Quayites” for their “Comic Regatta,” which gave much amusement to a crowd of holiday-makers, and over £12 to Hospital Funds. Full details of Special Efforts will be found on page 20.

The Attention of Subscribers is called to the form of agreement at the end of this Report which enables the Honorary Treasurer to recover the income tax paid on the amount subscribed by those who enter into this covenant. Under this agreement a subscription of £5 5s. 0d. becomes £8 8s. 0d. with Income Tax at the rate of 7/6 in the £!

Hospital Charges. Patients' Payments have stood at a very low scale for many years:—for women, 21/-; for men, 24/6. These figures are laid down in the Rules of the Hospital, and can only be altered with the consent of the Annual Meeting. The Committee are unanimous in thinking that these figures were not adequate, even to pre-war cost of nursing and maintenance, and they now ask for power to revise the scale of payments, both for the General and Private Wards.

In the case of the Private Wards annual subscribers of £5 5s. and £3 3s. will still be allowed reduced terms.

Finance. The form in which the accounts have been drawn up has been slightly altered and is based on what is known as the “Revised Uniform System of Hospital Accounts” recommended by the Voluntary Hospitals Commission, the British Hospitals Association and other organisations; this way of setting out the Accounts is also advised by the Ministry of Health to facilitate settlement of claims in the event of war casualties being received at the Hospital.

A Balance Sheet showing the Assets and Liabilities has been drawn up for the first time and it will be found that this combines the information shown on three different pages of previous reports.

The total Ordinary Expenditure for 1939 (£1937) is £22 more than in 1938, but would have been less if it had not been for the cost of Air Raid Precautions. Ordinary Income (£1875) shows an increase of £146, most of this coming under the heading “Services Rendered to Patients.”

The amount due from The Isle of Purbeck Hospitals Aid Association for the year to 31st December is not known until about six months after the end of the year; for 1938 the amount was £331 18s. 0d. (an increase of £56 compared with 1937) and this is brought into Ordinary Income for 1939. In December, 1939, we also received £200 on account of 1939, and the Committee have decided to bring into account under Extraordinary Income a further sum of £100 owing, making an estimated figure of £300 for 1939. This results in two years' income from the Hospitals Aid Association being brought into the Total Income for 1939, but in 1940 the account will show the estimated income for the year to the 31st December from this source, plus (or minus) any difference between the estimate of £300 for 1939 and the actual amount received for that year. In future, therefore, the approximate Annual Income from the Hospitals Aid Association will be brought into the account of the year in which the money was earned.

An Appeal. The circumstances of the past year have made impossible the organising of a widespread appeal for more financial support, such as was outlined in our last Report. Now we are at war several subscribers have dropped their subscriptions. But our local Hospital is an essential part of the Home Front, and I would earnestly appeal to all our supporters to do their best, even at some sacrifice, to maintain our subscription list at its present level.

JOHN H. JAQUES,

Chairman.

Only those Subscribers who are liable to pay Income Tax at the standard rate should sign this Agreement.
